VETERANS DAY 100[™] ANNIVERSARY OF THE END OF WWI **VETERANS & MILITARY SALUTE**

We believe in the power of every person. But we don't rest on our strengths - we stretch them. Sweat them. Combine them. Growing flexible, nimble and strong minds. That's how we do big things.

We're making big things happen at Nebraska.

We strive to make college affordable for all families, offering among the lowest tuition in the Big Ten.

- We're one of just 20 public universities named a Best Buy School by the 2018 Fiske Guide to Colleges.
- Last year's student enrollment was the largest and most diverse in the university's history.

We are providing the best support in guiding students to build on their strengths.

- Our Explore Center's COMPASS program, which helps students identify and declare a major, was named the 2018 Outstanding Advising Program by NACADA, the global community for academic advising.
- Through one of the nation's leading undergraduate research programs, Nebraska students work directly with faculty on research that creates new knowledge.

We are delivering results in education, research and outreach.

- Our May 2018 graduating class (3,223 degrees were conferred) was the largest in university history, producing more graduates and more talent for Nebraska's workforce.
- Along with the University of Nebraska Medical Center, we rank among the top 100 universities worldwide in earning U.S. patents to protect innovative research and discoveries.
- Through Nebraska Extension, we work directly with three out of four Nebraska farmers and ranchers each year to boost crop and animal productivity and improve their bottom line.

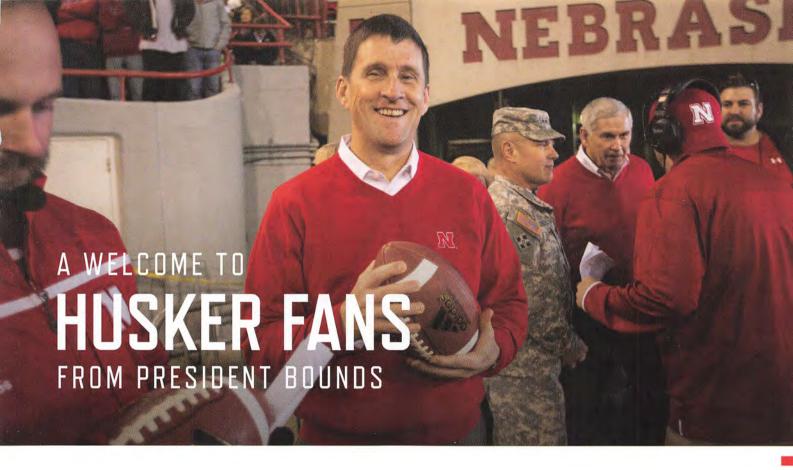

We appreciate your ongoing support of our Husker community... 60 BIG RED!

here's nothing like fall in Nebraska. It's a special season, full of traditions like Husker football that bring the people of our state together. Not only that, but fall signals the start of a new school year—bringing the promise of new experiences and opportunities for University of Nebraska students.

I BELIEVE NEBRASKA SHOULD BE THE BEST PLACE IN THE NATION TO BE A STUDENT.

What does that mean for our student-athletes?

- Students are at the heart of everything we do. We put their success and well-being first.
- The time student-athletes spend at NU lays a strong foundation for the rest of their lives.

There's no doubt we accomplish great things on the field, but what we do off the field is even more impactful. Husker student-athletes are role models and ambassadors for the university and our state. I'm impressed by their talents. And I'm grateful to the coaches and staff who serve on their behalf.

The University of Nebraska should be a place where all students can succeed. Where they matter, where their education is second to none, and where they leave ready to take on their next challenge.

Thank you for your support of the Huskers and the University of Nebraska. Go Big Red!

N — GAME PREVIEW | NEBRASKA VS. ILLINOIS

Nebraska returns to Memorial Stadium for a matchup against Illinois morning. The Huskers are coming off a 36-31 loss against No. 8 Ohio State on Nov. 3, while the Fighting Illini dominated Minnesota last weekend 55-31.

Despite the loss, the Husker offense had 450 yards on offense, marking the sixth straight game NU has had 450 yards. Nebraska looks to continue to roll on offense today and pick up a school record seventh straight 450-yard performance. Illinois enters the game as the country's most-improved offense, averaging more than 135 yards per game this season than last.

NEBRASKA CELEBRATES VETERANS DAY

Nov. 11 serves as Veterans Day in the United States and this year, the day marks the 100th anniversary of the armistice that ended the hostilites of World War I. Nebraska will celebrate the day by doing a veteran and military salute prior to the start of today's game.

Additionally, Nebraska will celebrate nine Honorary Gate Sentinels, listed below.

Corporal Donald E. Criswell (Chappell, Army, WWII), Lieutenant (junior grade) Warren Hutchinson (Albion, Navy, WWII), Corporal Charles Munson (Lincoln, Army, Korea), Staff Sergeant Curtis Orr (Hoskins, Army, Vietnam), Master Sergeant Jon Camplin (Stanton, Air Force, Desert Storm/Desert Shield), Corporal Brad Balak (Omaha, Marine Coprs, Operation Enduring Freedom/Operation Iraqi Freedom), Staff Sergeant Georgia Allen (Omaha, Army National Guard, Global War on Terror) and Corporal Jacob Post (Lincoln, Marine Corps). For more information on Nebraska's rememberance of Veterans Day, see pages 14, 15 and 17.

HUSKERS GET A UNIFORM TWIST

For today's game, the Huskers will sport adidas Primeknit A1 'Memorial Tribute' alternate uniforms. The alternate uniforms pay tribute to the 100th anniversary of the end of the WWI, while also celebrating Memorial Stadium. Memorial Stadium's name honors the more than 700 Nebraskans who died in WWI,

WWII and those who served in the Civil War, Spanish-American, Korean, Vietnam wars and more. The uniforms were specifically inspired by the first team to play in Memorial Stadium and continues the school's age-old tradition of honoring Nebraska's veterans.

NEBRASKA RUN GAME IMPROVING

The Nebraska offense is averaging 216.6 rushing yards per game this season, which is more than a 109-yard increase from last season. The improvement ranks second in the country among FBS schools. Devine Ozigbo and Adrian Martinez lead the rushing efforts with 796 and 480 yards, respectively. Maurice Washington also has 360 rushing yards.

A WEST COAST KID, DEDRICK YOUNG WAS DRAWN TO THE MIDWEST, NEBRASKA

E.J. Stevens, Nebraska Communications

A senior linebacker from Peoria, Ariz., Dedrick Young was once a coveted high school football recruit. Many experts around the high school recruiting world thought he would stay out west to play college football. This was not to be, however, as he committed to join the Husker family in September 2014, shortly after an official visit to Lincoln for a football game.

"Out of all the other schools I visited, there was just something different about Nebraska," Young said. "With the academic resources, overall environment at Nebraska and all the tradition it has, it just felt like home to me. My family really liked it here too, so it was definitely the right choice for me."

Young graduated from high school in December 2014, enrolling at Nebraska in January 2015 so he could take part in spring ball and work toward earning the trust of the coaching staff. He wanted to put himself in position to play as a true freshman in 2015. The decision paid off. Not only did he play as a freshman, but he started 11 games at outside linebacker, becoming one of just five true freshmen Huskers at the time to start a season opener since World War II.

Young still remembers how he felt when he stepped on the field for the first time at Memorial Stadium before the Huskers' game against BYU.

"Honestly, I walked out there during warmups and saw the stadium starting to fill up, and I thought to myself, 'okay, this is pretty cool.' Then the game started and I heard the fans going crazy for the first time. I was starstruck. It was wild," he said.

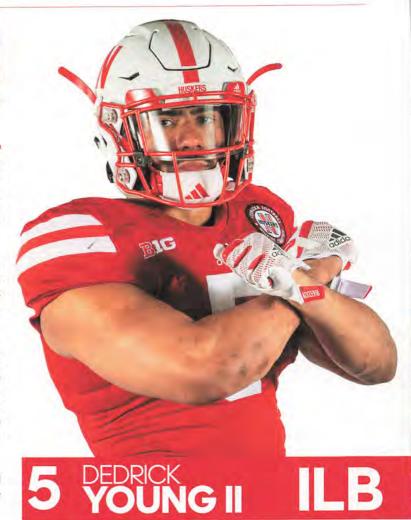

Throughout his four-year career at NU, Young has been remarkably durable. He's played in 45 out of Nebraska's 47 games during his time as a Husker, starting in 40 of those contests. He's accumulated 258 tackles, two sacks, 13 pass deflections, one interception and one forced fumble.

The 6-1, 245-pound senior is majoring in supply chain management and was named to the 2016 Academic All-Big Ten team. He's all set to graduate at the conclusion of the fall semester and will look to sign with an agent after the season in order to pursue a career in the National Football League.

However, Young still has a handful of games left in his college career and has some goals for himself and his teammates as they finish out the 2018 season.

"We just want to keep getting better and better everyday," Young said. "I'm going to enjoy every last minute I have on this field with my brothers. We still have work to do this season."

Young has a chance to really leave his mark at NU. He currently sits in ninth place in the career tackle rankings. He moved into the top 10 last week against Ohio State and is 18 tackels from ranking in the top five. After all is said and done in the collegiate football career of Dedrick Young, there are a few things he will miss the most about being a student-athlete at NU.

PEORIA, ARIZ.

"I'm going to miss all of the awesome people I've met here that I never would have met if I didn't come here to play football," Young said. "I'm just going to miss coming out here and having fun with my teammates everyday. I will definitely come back and visit my old teammates and coaching staff when I'm gone, so I'm just going to enjoy everything here while I can."

INSIDE THE HUDDLE

If you could be any of your teammates for a day, who would you be and why?

"I would say the Davis twins. They're hilarious, just different people. They're the funniest dudes on the team, no doubt. If I could see what it's like to live in their shoes for a day, that would be awesome."

Outside of football, what are your biggest hobbies?

"I play a lot of video games. Madden, 2K and Fortnite are my favorites."

What's your go-to karaoke song?

"It would definitely be something slow, something by Usher or Chris Brown."

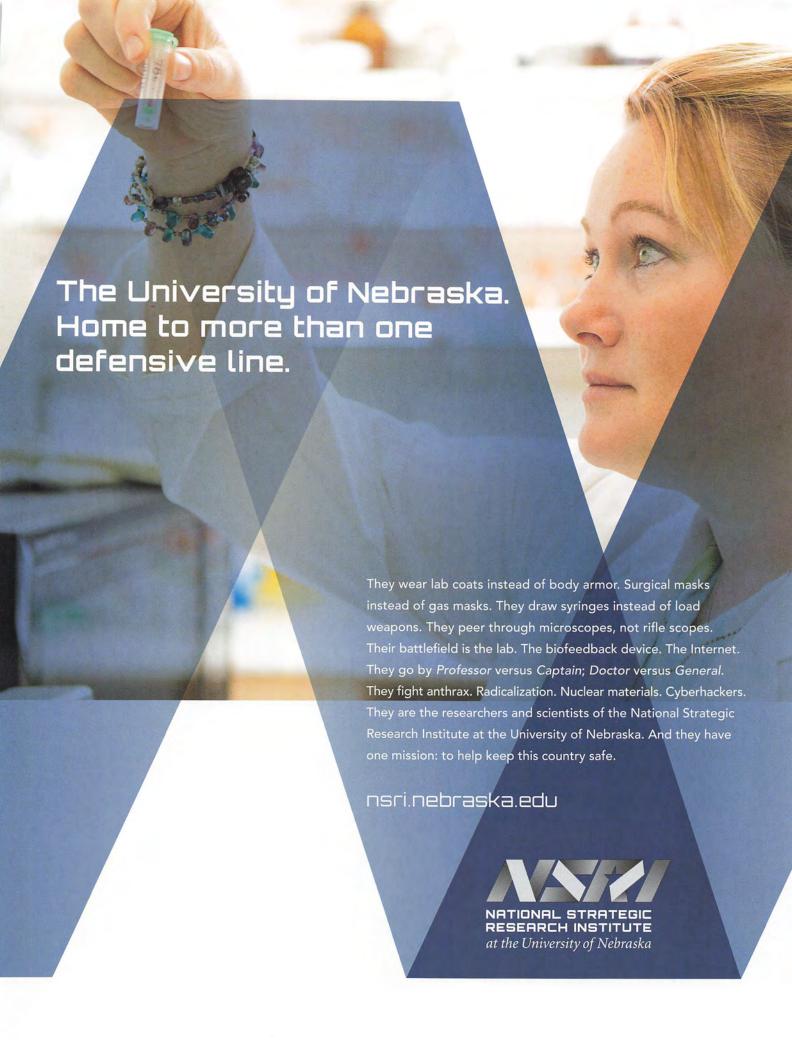

4. Favorite sports movie?

"Friday Night Lights."

5. What's the best Halloween costume you've ever worn?
"I made a great Batman as a kid. That's definitely the best

costume I've ever worn."

This Veterans Day, Memorial dedication marking the 100th

In commemoration of the 100th anniversary of Armistice Day, two plaques were created and installed in Memorial Stadium.

The plaques replicated the original design and location of two plaques planned in 1923 for Memorial Stadium, which was built to honor all Nebraskans who have served our country. The two new plaques will be dedicated at 7:45 a.m. on Sunday, November 11 at gate 20 in the east concourse of Memorial Stadium. Guest speakers at the dedication include:

Lieutenant Colonel Robert Schafer University of Nebraska Board of Regents Chairman

Hank Bounds University of Nebraska President

Ronnie Green University of Nebraska-Lincoln Chancellor

Major General Daryl Bohac Adjutant General of Nebraska

Bill Moos

University of Nebraska-Lincoln Director of Athletics

University of Nebraska Naval ROTC Detachment Color Guard will present the colors and the UNL Pershing Rifles will perform at the dedication ceremony.

One plaque recognizes the service of all Nebraskans in the First World War, featuring John J. Pershing, whose military career included an assignment with the University of Nebraska Military Department (1891-1895).

The University of Nebraska proudly honors the 59,287 men and women from Nebraska who served in the Armed Forces during World War I April 6, 1917 - November 11, 1918

General of the Armies, John J. Pershing (Laclede, Missouri) is the only officer to receive promotion to "General of the Armies"- the highest rank possible - while living. As a graduate of the University of Nebraska's Bachelor of Law program, General Pershing played a major role in all of America's military campaigns between 1886 and 1945. Pershing eventually went on to become Commander in Chief of the American Expeditionary Forces in World War I. In 1921, he was appointed as Chief of Staff to the United States Army and in 1932 received the Pulitzer Prize for his memoir entitled "My Experiences in the World War."

General Pershing died in 1948 and is known for inspiring Americans to sacrifice for their country through his example of hard work, dedication, courage, and humility.

With the United States' entry into World War I on April 6, 1917, Nebraskans and the University of Nebraska - were soon affected deeply. According to the 1921 War Department Report to Congress, 59,287 Nebraska men and women served in the Army, Navy, Marines and Coast Guard during the conflict.

Nebraskans participated in 13 major offensive and defensive engagements during the course of America's involvement in the war. The cost of this participation was high with hundreds losing their lives in combat or other causes. Among those killed were many Nebraska students and alumni.

Stadium will be host to a special Anniversary of Armistice Day.

In honor of the 100th Anniversary of Armistice Day, November 11, 2018, The University of Nebraska proudly honors its more than 113 students and alumni who served in the First World War April 6, 1917 - November 11, 1918

The second plaque recognizes the 113 University of Nebraska students and alumni who served in WWI.

Ten Husker letterwinners served in WWI, including five football letterwinners: John Graham Cook (1915-16-17, QB, Beatrice, Neb.). Paul Halbersleben (1915, C, Lincoln, Neb.), William Henry Hayward (1894-97, T), Harold Edwin McGlasson (1919-21, QB, Lincoln, Neb.) and Roscoe Bryan Rhodes (1916-17, E, Creighton, Neb.); three track and field student-athletes James Howard Boggs (1912-13), William Lloyd Davis (1905-08) and George Worthington Irwin (1914-15-16) and one each from the men's tennis Harry Hiram Ellis (1916) and men's baseball Morris Nathan Liebmann (1898) programs.

Roscoe "Dusty" Rhodes was named a team captain in 1917 for the 1918 season, but died while serving his country, which prompted students to suggest that the stadium be named after him. However, in order to honor all those who served in all of our nation's wars, the football stadium was dedicated "Memorial Stadium" on Oct. 20, 1923. On the Northeast corner of the original Memorial Stadium, these words are inscribed:

"THEIR LIVES THEY HELD THEIR COUNTRY'S TRUST; THEY KEPT ITS FAITH; THEY DIED ITS HEROES."

AFTER NEARLY 70 YEARS, CHINN FAMILY IS FINALLY REUNITED

Brian Rosenthal, Huskers.com

When Randy Chinn takes his seat in the lower northwest corner of Memorial Stadium on Saturday, he'll pay special attention to the American flag flying, and he'll remember the sacrifice his father, Army Master Sgt. Leonard K. Chinn, and many other military men and women have made for their country.

"He never scored any touchdowns or hit any home runs, but he did a lot for a lot of other people," Chinn said. "The 'ol flag's still flying. So many people don't realize it when that flag is flying over Memorial Stadium, but think of the past people who have done that for us.

"That flag is still there."

At 11 a.m. on November 11th, 2018, the world will mark the 100th anniversary of the armistice that ended the hostilities of World War I. To commemorate this event, Memorial Stadium has designated a special POW/MIA chair. Each game this season, a decorated veteran of U.S. military service will take his or her post next to this unoccupied chair in honor of the more than 800 Nebraskans who were lost in combat, but whose fate remains "UNKNOWN."

A plaque permanently installed by the chair has the following verbiage: "You are not forgotten. Since World War I, more than 92,000 American soldiers are unaccounted for. This unoccupied seat is dedicated to the memory of those brave men and women and to the sacrifice each made in serving this country. ..."

The unoccupied chair is located in North Memorial Stadium, Section 33, Row 18, Seat 27.

Chinn, a 70-year old retired firefighter from Columbus, will sit next to this chair, along with his children, Todd and Becky, during Nebraska's football game against Illinois, in honor and memory of Chinn's father.

Leonard Chinn was 33 when his family received confirmation on April 30, 1951, that he had died in North Korea, having been a prisoner of war since Dec. 1, 1950, after persistent Chinese attacks.

"We're very, very honored, our family, to have that done for him," Chinn said of the designated POW/MIA chair. "But also, it's not just about our dad. It's about the rest of the families that went through what we went through, plus the veterans that did come home from other wars.

Chinn had already served in World War II in the Pacific, and then re-upped and went to Korea, where he was a member of Company D, 2nd Engineer Combat Battalion, 2nd Infantry Division.

"Here's a man that took over some guns and let his men escape so they get could get out of there when the Chinese were overrunning their position," Chinn said. "Here's a man who knew he had a wife and two children in Fort Lewis, Wash., but still went on and did that."

Chinn and his brother, Rodney, spent decades uncertain of the whereabouts of their father's remains. After their mother, Irene, died in 2002, Randy read an article in an American Legion magazine, where he saw an 800-number to call for families that wanted updates on lost family members at war. North Korea had turned over many American remains in 1993 to Hawaii.

Leonard's two sisters provided DNA samples to help the process, but not until a 2014 family update meeting in Minneapolis did analysts ask Randy for a cheek swab for his DNA.

Finally, on July 12, 2018, the family received word that Leonard's remains had been identified. They arrived at Omaha Eppley Airfield in September.

"It's what America's about. For other families like us, it gives them hope," Randy said. "It shows it can be done, and we're a caring nation. Our government spent a lot of money for the laboratories in Hawaii, and then the one at Offutt Air Force Base.

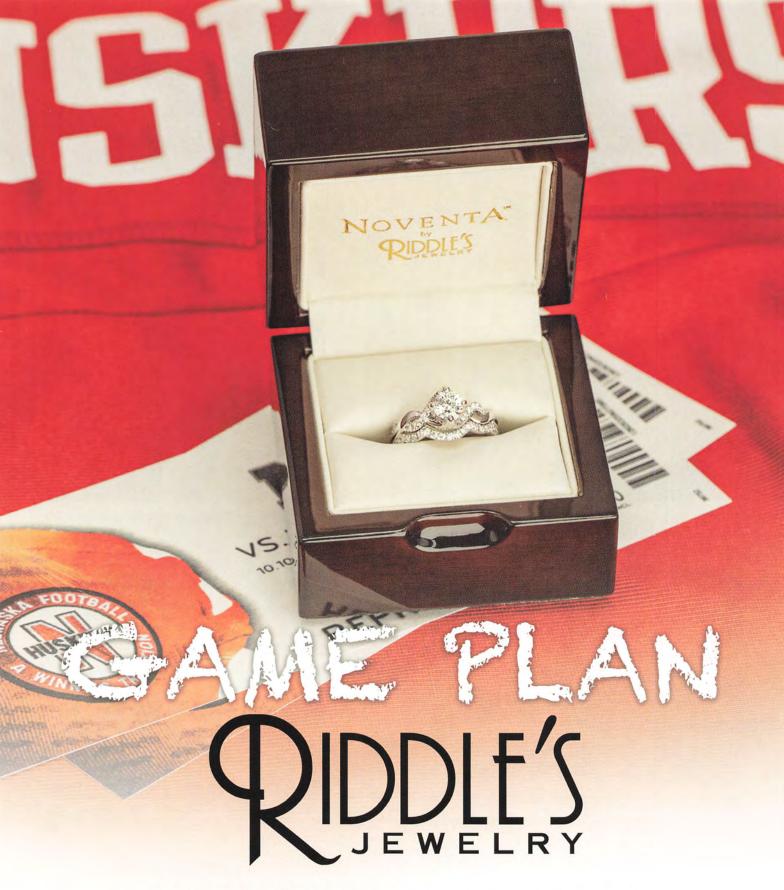

Nearly 8,000 Americans are still unaccounted for from the Korean War, but Randy is thankful and relieved to know his father's ashes are now in an urn buried above his mother's casket in a cemetery near Silver Creek.

"That's so much relief for myself and our family. We know," said Randy, who was 2 when his father was captured, and has no memories of him. "But there will always be unanswered questions. Would he have ever taken me to a football game? Would we have ever fished together, hunted together? I'll never know that. But I do know where his ashes are now.

"He's my hero. A lot of guys have sports heroes in baseball, basketball, football, whatever. But he's an all-around hero."

Athletic Director Bill Moos greets members of the National Leadership Society at the 2018 Signing Day event.

Relaunched in 2018, the Huskers Athletic Fund (HAF) is the official fundraising arm of Nebraska Athletics. Through the generosity of HAF members, Nebraska Athletics is able to provide all student-athletes with the resources and support they need to be successful in academics, athletics and life.

With student-athlete experience costs rising nationally, Nebraska Athletics depends on investors who understand the need for continuous advancement. Your support is essential to recruit student-athletes, who compete for championships and earn college degrees.

Students restart Nebraska's Pershing Rifles drill team

Tebraska's historic Pershing Rifles are flying again.

The University of Nebraska-Lincoln's military drill team performed in March during the Pershing National Convention at North Carolina's Charlotte Motor Speedway. The eight-minute performance marked the first time in a dozen years that the Nebraska team stepped onto the field to compete.

"We were nervous wrecks," said Zachary Day, a finance major who led the team's practices, drawing on his experience as a member of his high school's ROTC drill team in Bellevue. "Our goal all year was to get to nationals and perform. We weren't worried about placing. We just wanted to represent the proud history of Nebraska being the nation's first Pershing Rifles company."

Originally called Varsity Rifles, Nebraska's drill team was formed by Gen. John J. Pershing, who served as professor of military and naval science from September 1891 to June 1895.

Day served as the drill team leader in 2017-18. He organized practices, taught cadets to handle the rifles - from simple holds to complex tosses - and created a

"I came into this program planning to just be a member of the team," Day said. "I never expected to be involved as I have been. Teaching these eight individuals has been the biggest and most rewarding leadership challenge in my life."

Air Force Cadet 3rd Class Zachary Day leads Nebraska's Pershing Rifles drill team in warmups at the Military and Naval Science Building. The team reformed in 2017-2018, performing at nationals for the first time in 12 years,

Membership is open to all students regardless of enrollment in the ROTC program. The organization includes members who are civilians, U.S. military service men and women and participants in ROTC programs.

"We didn't place at nationals, but we didn't drop a rifle and I was extremely happy with our performance," Day said. "It was a great finish to our first year back as a team.

"Now, we need to continue practicing, improving our precision and adding more complex moves to our routine. We'll keep building and continue the tradition that was started by Gen. Pershing."

Moos, who became the 15th athletic director in the history of the Cornhusker storied program, brings nearly 25 years of experience as an athletic director at three Division I schools (Washington State, Oregon, Montana) with him to Nebraska. More importantly, he brings an impressive track record of success in building outstanding programs, developing long-term relationships, and for doing what is best for his schools, its fans and most importantly, student-athletes.

"When you name the top three, four, five athletic programs in the great positions as an athletic director, Nebraska is in that same breath," Moos said at his introductory press conference at Memorial Stadium. "I want you to know that my motto has always been, in the 25 years I have been a Division I athletic director and it will be here too is very simple - honor the past, live the present, create the future."

In his first six months at Nebraska, Moos made three coaching hires. He drew universal praise for hiring Scott Frost, the 2017 consensus national coach of the year, as Nebraska's head football coach in December. Following the spring semester, Moos also hired Mark Hankins to coach the men's golf team and

Sean Maymi to lead the men's tennis program.

He also oversaw several team successes in his first six months in Lincoln. Moos watched the volleyball team win its fifth national title and second in three seasons in December. In 2018, both the men's and women's gymnastics teams finished in the top six at the NCAA Championships, while bowling finished third and rifle finished eighth. Nebraska also continued its excellence in the classroom, producing four CoSIDA Academic All-Americans, including three first-team selections. The awards increased Nebraska's nation-leading total to 333 all-time CoSIDA Academic All-Americans across all sports.

Moos came to Lincoln after spending seven-plus years at Washington State (2010-17). He previously served 12 highly successful seasons as the athletic director at Oregon (1995-2007). During his time at his alma mater, Moos wasted little time in making his impact felt in Cougar Athletics, spearheading a department-wide rebranding effort with Nike while securing a 10-year, \$35 million marketing rights agreement with IMG College. In addition, the 2004 WSU Alumni Achievement Award winner gained Regents approval for a \$130 million addition and remodel of Martin Stadium, featuring a remodeled press box with luxury seating, including suites, loge boxes and club room. Also included in the project was a state-of-the-art video board and an 80,000-square-foot football operations building that served as the stadium's showpiece and opened in May 2014. As the dean of Pac-12 athletic directors, Moos was at the forefront of the conference's procurement of a 12-year, \$3 billion television contract with FOX and ESPN, a landmark agreement in college athletics. Under Moos' direction, the Cougar Athletic Fund's Annual Giving program saw an 81 percent increase in gifts while CAF donor members rose from nearly 4,000 to more than 7,500.

Additional facility enhancements under Moos included a center-hung video board in Beasley Coliseum that was installed prior to the 2011-12 season, giving Cougar basketball one of the premier fan experiences in the conference. An indoor golf hitting facility was also completed in early 2013, and Lower Soccer Field underwent a major renovation making the venue TV-ready while also providing one of the best playing surfaces on the West Coast, along with the addition of lights and a new scoreboard.

Other enhancements were made to the Moobery track facility, Bailey-Brayton Field, the basketball practice gym, Gibb Pool and the Simmelink Indoor tennis courts. In Moos' seven years at WSU, Cougar student-athletes and coaches accounted for 805 academic all-conference selections, 130 all-conference accolades, 45 All-America honors and three Pac-12 Coach-of-

the-Year honors

Moos served as Oregon's director of athletics from July of 1995 to 2007. While at Oregon he oversaw a 17-sport athletic department that grew to national prominence during his tenure, Oregon's annual athletic department budget grew from \$18.5 million in his first year to more than \$40 million by 2007, becoming 100 percent self-sufficient during that time. Under his direction the Duck Athletic Fund donor base increased from 4,930 to 12,290, resulting in an annual gifts increase from \$4.1 million to \$15.3 million.

Moos initiated more than \$160 million in facility improvements while at Oregon. Included in that was the \$90 million Autzen Stadium renovation in 2002, which added 12,000 new seats, 32 new suites, a new Club at Autzen and a new press box to the stadium. In his 12 years, the Ducks ranked first in Pac-10 football attendance 11 times, reaching 100 percent capacity in each of

those seasons.

During Moos' tenure, Oregon athletics captured 13 Pac-10 championships across six different sports. He increased opportunities for women by adding two intercollegiate programs, soccer and lacrosse, and negotiated an all-inclusive shoe and apparel contract with Nike, one of only 14 in the country at the time. From an academic standpoint during Moos' tenure, Oregon student-athletes collected 722 academic allconference selections, 34 Academic All-America selections, nine NCAA Postgraduate Scholarship recipients and one NCAA Top Ten Award.

During his first stint as a collegiate athletic director at Montana 1990-95), Moos created an academic support program and hired its first athletic academic coordinator, developed a facility enhancement plan that created more than \$4 million in improvements, and lifted the school's fund-raising efforts to show a 300 percent increase in private and corporate gifts.

Academically, Montana student-athletes were equally successful as the athletic department achieved a graduation rate 20 percent higher than the general university enrollment. Under Moos' watch Montana garnered 269 academic all-conference selections, five Academic All-Americans and two NCAA

Postgraduate Scholarship recipients.

Moos began his athletic career as an athletic administrator in 1982 as assistant athletic director at Washington State. He also served as the school's associate athletic director (1988-90). At Washington State, he was director of development for more than five years and associate director for nearly two years, supervising all external operations. Prior to that, he managed and owned private businesses in Washington and Oregon for eight years. He was a student assistant football coach at Washington State for the 1973 season, then spent part of 1974 in Washington, D.C., serving as a government intern.

Raised on a wheat and cattle ranch in eastern Washington, Moos attended high school in Olympia when his father served in the governor's cabinet. Moos earned his bachelor's degree in history from WSU and was a three-year letterman in football before concluding his collegiate career by representing Washington State in the 1972 East-West Shrine All-Star Game in

San Francisco.

He served as co-captain on the Cougars' 1972 squad and garnered first-team All-Pac-8 Conference honors. Moos and his wife Kendra have three daughters, Christa, Brittany and Kaiti; and two sons, Bo and Benjamin.

THE BIG TEN CONFERENCE

BIG LIFE. BIG STAGE. BIG TEN.

Since its inception in 1896, the pursuit and attainment of academic excellence has been a priority for every Big Ten member institution. But maintaining the conference's standard of competing at the highest level in athletics also endures as an important component of the Big Ten experience. Striking that balance between academics and athletics is integral to the Big Ten's identity. Recognized as one of intercollegiate sports' most successful undertakings, the Big Ten strives for success from its students not only on the field and in the classroom, but around the world as well.

PREMIER ACADEMIC INSTITUTIONS

The Big Ten Academic Alliance is an academic consortium of all 14 Big Ten universities, which is widely considered to be the model for effective and voluntary collaboration among top research universities.

Every Big Ten Academic Alliance institution ranks among the top 70 universities in the nation according to the 2017 Academic Ranking of World Universities, including four in the top 25.

The Big Ten leads all conferences with more than 1,700 Academic All-Americans, including 34 honorees during the 2017-18 academic year.

Big Ten Academic Alliance schools annually conduct \$10 billion in funded research, \$5 billion more than any other conference.

A HISTORY OF ATHLETIC SUCCESS

Big Ten schools have won at least seven national championships in seven of the last 10 academic years and at least three in each of the last 25 years.

In the last five full academic years, current Big Ten institutions have claimed 31 team national championships in 15 sports.

Over the last 12 full academic years, current Big Ten institutions have won 85 team national titles in 23 sports.

BROAD-BASED PROGRAMMING

The Big Ten will administer over \$200 million in direct financial support to more than 9,800 students competing in intercollegiate athletics for more than 11,000 participation opportunities on more than 350 teams in 42 different sports.

The Big Ten sponsors 28 official conference sports, 14 for men and 14 for women, including the addition of men's ice hockey and men's and women's lacrosse the last five years.

The Big Ten leads the nation in total students competing in intercollegiate athletics and participation opportunities, and sponsors more official sports than all conferences except the lvy League.

Almost 1,400 Big Ten competitors have participated in the Olympics, winning more than 600 medals, including nearly 300 gold. In the 2016 and 2018 Olympic Games, more than 200 representatives from Big Ten institutions including current or former students and coaches were members of Olympic teams. Big Ten Olympians collected more than 50 medals in the most recent games in Rio and PyeongChang.

PASSIONATE FOLLOWING

The Big Ten leads all conferences with 5.7 million alumni and nearly 580,000 students.

Each year more than 11 million patrons attend Big Ten home contests, as the conference has led the nation in attendance for men's basketball, ice hockey, volleyball and wrestling.

LEADERS IN INNOVATION

The Big Ten Conference:

- Took part in the nation's first bowl game, winning the 1902 Rose Bowl Game, and signed an exclusive contract with the Tournament of Roses in 1946, making it the first bowl with permanent conference affiliations.
- Awarded the first Big Ten Medal of Honor in 1915, honoring outstanding seniors who demonstrated excellence in academics and athletics.
- Formed the Big Ten Advisory Commission in 1972, enlisting former students that competed in conference athletics to serve as liaisons to the NCAA's Diversity and Inclusion Department, the Big Ten Student-Athlete Advisory Commission and other organizations.
- Became the first conference to voluntarily adopt male and female participation goals after launching its Gender Equity Action Plan in 1992.
- Implemented the first collegiate football system of instant replay in 2004, which the NCAA approved for use among all conferences in 2006.
- Launched the Big Ten Network (BTN) in 2007, the first national conference-owned television network.
- Began partnering with the Ivy League to study the effects of head injuries in sports in 2012.
- Accepted Johns Hopkins University as the conference's first sport affiliate members in men's and women's lacrosse in 2013 and 2015, respectively, and added Notre Dame as a sport affiliate member in men's ice hockey in 2017.

EXTENSIVE TELEVISION EXPOSURE

Through the Big Ten's current media agreements with BTN, ABC/ESPN, CBS and FOX, more than 1,600 Big Ten events are produced and distributed nationally and globally on an annual basis.

BTN is in almost 60 million homes across the United States and Canada. BTN2Go is BTN's digital extension, delivering live and on-demand programming to computers, smartphones and tablets. BTN Plus within BTN2Go streams hundreds of additional events each season.

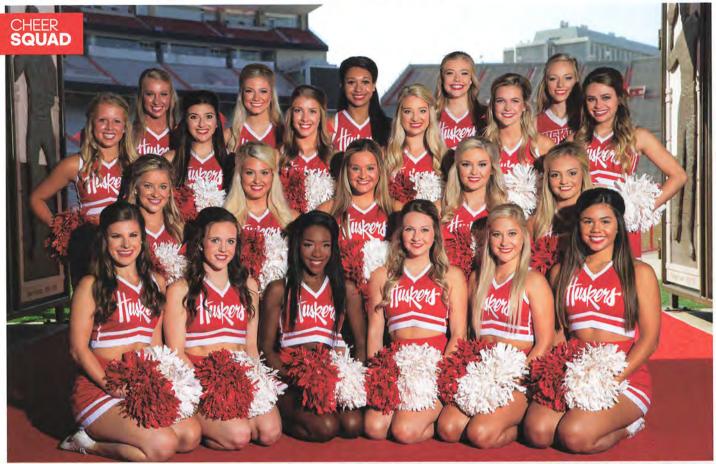

COMMUNITY INVOLVEMENT

For more than 25 years, through the Big Ten's SCORE (Success Comes Out of Reading Everyday) program, the conference has partnered with Chicago elementary schools to improve reading performance.

Surrounding the Big Ten Football Championship Game and Basketball Tournaments, the conference has held numerous community initiatives, partnered with the College Football Playoff Foundation and other events such as the Big Ten Career Expo, SaturDAY of Service and Youth Football Clinics. In addition, the Big Ten has hosted a downtown 5K, collaborated with a local breast cancer awareness group and provided unique event experiences for military veterans.

UNIVERSITY OF NEBRASKA SPIRIT SQUAD

The Nebraska Spirit Squad's involvement in the community and the athletic department makes it one of the most high-profile programs in the nation. The Spirit Squad is made up of three groups - Cheer Squad, Scarlets Dance Team and the mascots, Herbie Husker and Lil' Red.

Currently, the Nebraska Spirit Squad consists of 22 Cheer Squad members, 16 Scarlets and five mascot assistants. Along with academic and athletic events, Spirit Squad members participate in conditioning workouts, practices and team meetings around 10 hours per week. Last year, the squad made nearly 200 philanthropic appearances at community and state events.

Tryouts for the Spirit Squad are held during the spring semester. For more information on the Spirit Squad or to learn about tryouts, visit Huskers.com/spiritsquad or call (402) 472-0846.

UNIVERSITY BOARD OF REGENTS

The Board of Regents consists of eight voting members elected by district for six-year terms, and four non-voting student Regents, one from each campus, who serve during their tenure as student body president. The board supervises the general operations of the university, and the control and direction of all expenditures. The board also includes a corporation secretary who manages all records including agendas, minutes, notices, policies and bylaws. Those documents can be found on the web at nebraska. edu/board.

The board meets regularly, primarily in Lincoln but also in Omaha and greater Nebraska. Persons wishing to provide information to the board or to appear before it should contact: Corporation Secretary, University of Nebraska, Varner Hall, 3835 Holdrege, Lincoln, NE 68583.

The University of Nebraska-Lincoln is the flagship university for the state of Nebraska, a member of the Big Ten Conference and one of America's fastest-growing research universities - by 2015, Nebraska had roughly doubled its level of research activity of 2000. In 2016, Nebraska ranked ninth on Springer Nature's international list of Rising Stars in research, leading the way in fields such as food and water security, early childhood development and nanoscience. In 2017 the university (along with its medical center) was among the top 16 percent nationally for its ability to commercialize the work of its faculty as noted by the independent Milken Institute. Also in 2017, Nebraska Innovation Campus was named the best new research campus in the world by the Association of Research Parks.

Enrollment (now more than 26,000 students) is also growing fast at Nebraska – 2017 was the third consecutive year enrollment reached a new all-time high. The student body in fall 2017 was also the most diverse in school history, reflecting Nebraska's landgrant commitment to providing access to higher education. With a combination of strong academics and affordability, Nebraska is one of just 20 public colleges and universities to receive the designation of "Best Buy" in the Fiske Guide to Colleges 2018.

Nebraska's campus is a community of creators and co-creators, where hard work and real experiences prepare our students not just to change the world, but to change with it. For example, through one of the nation's leading undergraduate research programs – one that is backed by more than \$1 million in annual funding – Nebraska students work directly with faculty on research that creates new breakthroughs, insights and real-world applications. Nebraska faculty and staff are dedicated to helping students get the most out of college, develop their strengths, and get the preparation they need to be nimble and successful in an ever-changing world.

In 2019, the university will celebrate the 150th anniversary of its founding in 1869. The year will celebrate Nebraska's rich legacy of achievements and outline a vision for growing its positive impact on our state and the world in the next 25 years.

STUDENT-ATHLETE EXPERIENCE

Nebraska Athletics is one of the few self-sustaining athletic programs in the country. In 2017-18, nine of Nebraska's 10 ticketed sports where attendance is tracked ranked in the top 25 nationally in average attendance and every sport ranked in the top 35. This incredible interest and support enables Nebraska Athletics to invest in the student-athlete experience, as well as the overall game-day experience.

Nebraska is a leader in providing all the resources and support necessary for student-athletes to become successful in Academics, Athletics and Life. Nebraska will continue to strategically plan for avenues to strengthen the resources to support more than 600 Husker student-athletes across 24 sports.

UNMATCHED SUPPORT

In August of 2014, the NCAA Division I Board of Directors restructured the way member institutions and conferences, including the Big Ten, govern themselves. Nebraska has a great history and tradition of providing unmatched benefits and support to student-athletes. However, this change in governance, and subsequent legislation, paved the way for Nebraska to enhance the benefits and experiences for student-athletes. A few examples of these enhanced benefits are:

- All scholarship student-athletes have their scholarship calculated based on the full cost of attendance.
- Each student-athlete is offered a free Apple MacBook Air laptop computer to enhance their learning opportunities.
- •Nebraska has increased resources and support in all academic and performance related areas including but not limited to Academic Services, Life Skills, Athletic Medicine, Athletic Training, Strength and Conditioning, Nebraska Athletic Performance Laboratory, Nutrition and Sports Analytics.
- As part of Nebraska's innovative Post-Eligibility Opportunity (PEO) program, every student-athlete graduate who has exhausted their athletic eligibility has the opportunity to pursue (with Nebraska support) an internship, participate in a study abroad program or attend graduate school within the University of Nebraska system.

RETIRED JERSEYS

Following the 1949 season, the N Club voted to retire jersey No. 60 in honor of Tom "Train Wreck" Novak's stellar career with the Cornhuskers, Novak, the first Nebraska player to earn this honor, had been a four-time All-Big Seven choice and a 1949 All-American. Today, all major national award winners and College Football Hall of Fame inductees at Nebraska automatically have their jerseys retired, but their numbers will still be available to active Huskers.

Taylor was announced as one of 10 players in the 2018 Hall of Fame Class in January and will be formally inducted on Dec. 4, 2018. GROFF AGIL

The Proven Leader in Fertilizer Placement & Residue Management!

Talon Floater Row Cleaner

Competitors get less aggressive at the tips of their fingers, which means a lot of down pressure is needed to keep them from simply rolling over residue. This pressure can lift the planter row unit and move a lot of soil. The Groff Talon wheel gets more aggressive at the tips of the fingers, resulting in a superior row cleaner that moves residue and less soil, and requires less down pressure.
